Statement of Evidence for Path Claim BAP 190

- The route is first shown on the first edition (1880's) of the Ordnance Survey 6 inch map, for its whole length.
- The southern part (from Stanfield Road) was closed by a Quarter Sessions Highways Order of 1933, which was confirmed on 9 March 1937. (This Order, with the Certificate of Completion, is held by the City Council in the Reference Library under reference QS/B/21/2 (Box 15, item 43).)
- 3 The remaining part of the path is shown on subsequent Ordnance Survey maps, and the A-Z Street Map, although it has been gated.
- 4 The route is recorded on the (undated) City Council map of public rights of way.
- 5 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
